HoWest, Kortrijk,
Digital Arts and Entertainment
(DAE)
2022 – now

Secondary School Diploma:
Art and Architecture
Kunsthumaniora Sint-Lucas,
Ghent
2017 - 2019

Profile

I'm a **Game Designer** with a strong passion. My journey into design and art began eight years ago in high school, where I studied art and architecture. Later I decided to continue my higher education by combining my creative skills with video games which naturally led me toward a career in the gaming industry

Projects

Paw-ism

Howest GameJam

- Worked closely with a team of seven to develop and design an **original game in just three days**.
- With the **primary role of Game Designer** and secondary contributions to **environment and 3D art**.
- Placed **#4 - creativity category, #13 – fun category**

Missie Maatje

Client Project

- This project was made in a team of five in collaboration with Veilig Huis (*Branch of the Flanders department of justice that looks into domestic violence cases*).
- My primary role being **2D & UI artist with design** as secondary
- Managing to find ways to **efficiently** put out **many assets** in a short period of time.
